

## 1 Identification of the substance or mixture and of the company/undertaking

### 1.1 Product identification

Product name : Silicium osa  
 Product code :  
 Product type : liquid

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Recommended use : For use in agriculture and Horticulture  
 Uses advised against : Other unspecified industry

### 1.3 Details of the supplier of the safety data sheet

Name : Geni Investments BV  
 Office address : Dennenburg 6  
 Postal code and place : 3712 ED Huis ter heide ( holland )  
 Email adres : [info@geni-investments.com](mailto:info@geni-investments.com)  
 Web site : [www.geni-investments.com](http://www.geni-investments.com)  
 tel : +31(0)343 77 83

### 1.4 Emergency telephone number

Name : National Poisoning Information Center  
 Telephone nr : +31(0)302748888  
 : Only intended to inform professional emergency services in case of acute poisoning  
 Opening hours : 24 hours a day and 7 days a week

## 2 Hazard identification

### 2.1 Classification of the substance or mixture

Product is not a dangerous substance according to EC guidelines

### 2.2 Label components

none

### 2.3 Further hazards

Based on the current state of our knowledge, professional use of the product can not prevent to humans and the environment .

## 3 Composition and information on ingredients

CAS nummer : 7631-86-9  
 EG nummer : 231-545-4

## 4 First Aid measures

### 4.1 Description of the First Aid measures

If in doubt, always consult a doctor

Eye contact

First rinse for a long time with plenty of water (at least 15 min), also under the eyelids Inhalation

Skin contact

: Remove contaminated clothes and wash exposed skin with mild soap and warm water than rinse with warm water

Ingestion

: If swallow, immediately drink plenty of water (approximately 500 ml ) and consult a doctor. Never induce vomiting tendencies

### 4.2 Most important symptoms and effects, both acute and delayed

#### Potential acute effects for human health:

Eye contact : Irritating to eyes

Ingestion : No typical symptoms and effects are know

#### Signs/symptoms of excessive exposure:

Eye contact : Irritating to eyes

Inhalation : No typical symptoms and effects are know

Skin contact : No typical symptoms and effects are know

Ingestion : No typical symptoms and effects are know

### 4.3 Indication of any immediate medical attention and special treatment required

Remarks for doctor :

Specific treatments : No additional information available

## 5 Fire-fighting measures

### 5.1 Extinguishing agents

Remarks for doctor : NPK solutions

Specific treatments : No additional information available

### 5.2 Particular hazards arising from the substance or mixture

Not established

### 5.3 Advice for firefighters

Special protective equipment for firefighters : S36 suitable clothing.Use breathing equipment

Extra information : Not known

## 6 Measures in the event of accidental release of the substance or mixture

### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid contact with eyes, wear protective clothing, gloves and face protection

### 6.2 Environmental precautions

Product may not rereleased into the environment. Carefully inflate spilled product

### 6.3 Methods and material for containment and cleaning up

Dilute with plenty of water

### 6.4 Reference to other sections

see section 8 and 13

## 7 Handling and storage

### 7.1 Precautions for safe handling of the substance or mixture

The usual precautions for the use of chemical products must be observed

### 7.2 Conditions for safe storage, including any incompatibility of products

Recommendations store in original packaging. Store in a dry, well-ventilated area

### 7.3 Specific end use

For professional use, no specific, measures are required

## 8 Exposure controls/personal protection

### 8.1 Control parameters

Exposure limit values for this product are not known

### 8.2 Exposure control measures

The usual precautions for handling chemicals can be observed. Avoid prolonged contact with the skin

## 9 Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

Physical condition	: liquid
Colour	: Dark
Odour	: tekst Light odor
Melting point/ freezing point	: 8 degrees Celsius ( depending on the composition)
Flash point	: not quite
pH	: 1 - 2,5

## 9.2 Other information

- soluble in water

**(Silicium osa)** Version: 01-2019

**Safety Data Sheet** Printed on: 01-01-2019

According to Regulation (EC) No. 453/2010 Date of previous issue: 01-01-2019

## 10 Stability and reactivity

### 10.1 Reactivity

No dangerous reactions known under normal circumstances

### 10.2 Chemical stability

The product is stable under normal conditions

### 10.3 Possible hazardous reactions

No dangerous reactions known under normal circumstances

### 10.4 Circumstances to avoid

No specific recommendations

### 10.5 Chemically interacting materials

not known

### 10.6 Hazardous decomposition products

Contact with bases can release toxic ammonia gas.

## 11 Toxicological data

### 11.1 Information on toxicological effects

probably not an irritating product

### Acute toxicity

Conclusion/Summary : Not toxic

## 12 Ecological data

### 12.1 Toxicity

Conclusion/Summary : Not toxic

### 12.2 Persistence and degradability

not known

### 12.3 Bioaccumulation

not known

### 12.4 Mobility in soil

not known

### 12.5 Results of PBT and vPvB assessment

not known

### 12.6 Other harmful effects

## 13 Instructions for disposal

### 13.1 Waste treatment methods for product

Disposal methods : Dispose of in accordance with local regulations

Packaging : Since with water. Contact supplier / product about reuse

## 14 Information relating to transport

### Provisions: ADR/RID

According to the applicable transport rules, the product is not classified as a dangerous product

### Provisions: ADN

According to the applicable transport rules, the product is not classified as a dangerous product

### Regulation: IMDG

According to the applicable transport rules, the product is not classified as a dangerous product

### Regulation: IATA

According to the applicable transport rules, the product is not classified as a dangerous product

## 15 Regulations

### 15.1 Health, safety and environmental regulations/legislation specific to the substance or mixture

tekst

**Other EU regulations** : Labeling in accordance with EC directives

### 15.2 Chemical safety assessment

no additional information available

## 16 Other information

**Full text of classifications [CLP/GHS**

No

**Full text of classifications [Dangerous Substances Directive Dangerous Preparations Directive]**

No

**Date of publication/ Revision date**

01-01-2019

### Date of previous issue

01-01-2019

### Version

01-01-2019

### Compiled by

Geni Investmenst B.V.

### Notification to the reader

To the best of ours knowledge, the information contained in this Overview of safety Measures is correct until the date of publication. This information is given to safety advice, and only relates to the products and use specifically as described. This information regarding a product will not necessarily be applicable when this product is used with(a) other product(s) or when the product is applied in a different way than discribed, because all products can present unknown risks and with caution must be used. Only the user is responsible for the decision regarding the suitability of the product.
